"Cerpovicz presents Experiment to Kiwanians"

"The Kiwanis Club of Swainsboro held its weekly meeting Tuesday night October 14, 2014 at Catered Creations at 7:00. With President Tim Goodman presiding, we had 25 members present with no guests for the evening.

The program for the evening was hosted and presented by Kiwanian Paul Cerpovicz. Paul is the faculty adviser of the STEMMEGA Club on the East Georgia State College campus. STEMMEGA means Science, Technology, Engineering, Mathematics, and Medicine at East Georgia. The Club promotes the sciences with Family Fun Nights, math tournaments, field trips, and other science, technology, engineering, and math activities. He talked of plans for a Community Science Night at the Fulford Center on the EGSC campus for November. Paul enlisted the aid of Kiwanis members Jane Durden and Linda Lamb to make liquid nitrogen ice cream, which was enjoyed by all the members. It was fast, easy, entertaining, educational, and tasty.

President Tim announced that The Drop-in-the-Bucket 4 the Eliminate Project continues and Chair Chip Durden reports the bucket is ahead of last year's "shaking". Kiwanian Jane Durden reported on the "Fall Training" on October 11 in Macon. The training was good and Kiwanis has started the 100th Celebration. We need to plan for special activities with a "100th" theme. Tim and Edwin Canady will be attending the Division 17 Council meeting on October 16 in Lyons.

The 1st Pine Tree Festival Committee meeting will be October 16 at 4:30 Both Jane and Tim represent Kiwanis on the Committee.

Our first Club service project of the year will be the OctoberFest (Fall Festival) on October 23. Let Chair Deana Patrick know if you want to help. Some of us will start at

3:00 and others will start at 5:00, but the Festival officially starts at 6:30.
