We will collect money for Drop your drawers at business meeting on 1/29 and donate to the school systems for them to get underwear and socks for children. This is a district First Lady project.

Britt was program chair. He introduced his son Walt who was our speaker.

Walt Shaffeld is curator at the Pinball Museum in Chattanooga. He has an art background and developed the logo for the museum and they hired him.

It opened with 40+ machines and is still adding more. He was going to get a newly donated after the meeting. He is fascinated with the history and science of the machines. They have an original 1942 machine with flippers. First with flippers. They also have the world's biggest pinball machine. If you visit the museum you can play machines for free except the largest.

Pinball was considered bad at one time and he showed a picture of a place with machines being raided.
