Sanctioned and Sponsored by the National Rifle Association

Rogers Convention Center
Rogers, Arkansas
July 6 – July 9, 2023

Official Match Program

Match Officials:

Match Director: Gary Jobe
Statistical Officer: Mary Furr
Referee: Clyde Furr

Safety: Safety is the No. 1 concern of all Match officials, coaches, managers, and team members. Proper safety procedures will be followed at all times during the Match. Infractions will be noted and one warning will be issued to the shooter and his or her coach. A second infraction will result in the deduction of 10 points from the shooter's score, and the third infraction will result in disqualification of the shooter (Rule 9.30).

Shooting Camps: No "SHOOTING CAMP" WILL BE ALLOWED INSIDE THE RANGE. While spectators are allowed in the range during competition, chairs and groups must be set up outside of the range. There is also an athlete's lounge with tables and chairs in Ambassador A-B in the north rotunda. Spectators will sit in the bleachers and chairs already set up by match staff. Staff reserves the right to expel disruptive spectators from the range.

Eligibility: Age of Competitors: Boys and girls ages 8 through 15. Competitors must be 8 years of age at the time of competition and may compete through their 15th year. The age of the competitor shall be determined by the date of the first shot going down range for each tournament. If a competitor has a birthday on July 6, 2023, and they turn 16, they are not eligible to shoot in the DNBBGCM 2023. Match. Photocopies of each competitor's birth certificate must be available on request.

Training: Each competitor must have successfully completed the Daisy or other nationally recognized shooting education program prior to competing in State or Daisy National BB Gun Championship Matches.

Parental Permission: Each shooter is required to have the following forms completed by a parent Media Release, Medical Authorization and Liability Release. These forms must be signed by the competitor's parent or guardian and returned with the other registration forms before the competitor is permitted to participate in the Match.

Reminder - all forms must be completed online at www.daisy.com.

Consecutive Match Exclusion: Individuals who competed as regular members of a team competing in the DNBBGCM in the previous year are precluded from firing as a regular team member or alternate at the DNBBGCM current year. **Regular team members will not be allowed to come back the following year and compete as an alternate or team member. They must sit out one year to be eligible to compete again. This rule assures that new shooters will get a chance to compete. We offer a separate “Champions Match” for shooters who competed on a team last year.**

Alternates: NRA Rule 12.4 governs substitutions of alternates. Designated team alternates will shoot the entire match and will compete for “Team Alternate” awards. Team alternates who do not compete as regular team members will be eligible to compete as either a team member or alternate in the next subsequent DNBBGCM. In the event an alternate is substituted for a regular team member during the course of the match, the competitor whose scores constitute the majority of the shots for record loses eligibility to compete as a regular team member the subsequent year.

State Competitors: Teams competing in the State Championship Match shall be the local chapter or club championship team and must be so designated by that club or chapter for the State Championships. At the option of the State Program Coordinator and/or State organization, more than one team from a chapter may be permitted to compete in the State Championship Matches.

Matches – Number of Teams: Invitations to compete in the Daisy National BB Gun Championship Matches shall be issued to the top three placing teams in each of the State Championship Matches. In the event a chapter/town/club has more than one team finishing in the top three at the State Championship Matches, the next highest team not from that chapter/town will be offered that invitation to the National Championships. Teams will be limited to one per chapter/town/club unless there would not otherwise be three teams representing that state.

No “All Stars”: All teams competing in the Daisy National BB Gun Championship Matches must be made up of members who participate in the sponsoring organization’s Shooting Education Program. No team may be composed of members selected from a region or state-at-large.

Matches – Status of Teams: All teams competing in the Daisy National BB Gun Championship Matches will compete on an equal basis and all rules in the current Official NRA 5-Meter BB Gun Rule Book or as amended by this match bulletin will apply equally to each registered team. Teams competing may not waive eligibility for medals in order to maintain team member eligibility to compete in the next subsequent DNBBGCM.

Responsibilities of Team Officials

Team Manager: Each team competing in the State or Daisy National BB Gun Championship Matches must have a team manager in charge of the team. Either the coach or the team manager shall be a current member of the sponsoring chapter or club, or a member of the governing board of the sponsoring troop.

Team Coach: The team coach is responsible for the conduct and participation of his or her team in all competition activities. The team coach may be, but is not required to be, a current member of the sponsoring chapter, club or troop.

Team Roster: A team roster shall be declared at the time of registration and shall consist of five (5) regular members and may include up to two (2) alternates. The names of all team members and alternates for each state team must be listed on the registration forms and submitted to the Daisy National Match in accordance with the instructions on the Daisy National Match registration form. The firing order will be declared at registration.

Team Safety: If any coach or shooter has a fever, shortness of breath, cough, nasal congestion, runny nose, sore throat, nausea, vomiting and/or diarrhea, or any other Covid or Flu-like symptoms they are not to enter the range or participate in other activities.

Team Coach & Competitor: Report infractions immediately. NRA Rule Book (Rule 16.3 (d)).

SCORING: We use the Orion scoring system for all targets. Targets will be scored and a shot summary sheet will be posted at the end of each shooting day. There will be a 30-minute challenge period to look over your scoring summary sheet and targets. Each team will be given one pass to the target review room. Coaches will be looking for administrative errors where the shot is not a reasonable interpretation of the actual shot. Coaches may be allowed to view that shot in Orion if there is an error. There will be no scoring challenges to targets that have been scored by the Orion System. Once the targets are reviewed, the coach will turn the targets upside down on the table and sign the back of the top target. Targets will not be removed from the scoring room. Any targets missing at the end of the challenge time will be given a zero. Times for the challenge period will be posted when all targets have been scored at the end of each relay. The use of scoring plugs will not be allowed. (Supersedes NRA rule 14.3.1.) Changes from the rule book as indicated in the match program have been approved by the National Rifle Association.

TEAM COMPETITION: Teams are composed of five regular members and up to two alternates representing the same sponsoring organization. Scores of team alternates do not count toward team total scores.

DNBBGCM TEAMS: If a sponsoring organization has more than one team competing in a State Championship Match, and one of those teams earns an invitation to the DNBBGCM, the sponsoring organization may not select shooters from any of their teams in the State Championship to make up the team representing the organization at the DNBBGCM. Only those shooters who have fired in a State Championship may be selected to represent an organization at the DNBBGCM. A shooter must represent the same organization in both the State Championship and the DNBBGCM. The names and scores of each shooter on a DNBBGCM team must appear on a State Championship results bulletin representing the same sponsoring organization. No pick-up or state all-star teams are allowed at the DNBBGCM.

FIRING POINTS: Daisy will randomly select and assign firing points for each team. Your firing point will be given to you prior to the match. Please refer to the match schedule for your practice time and the times you will shoot your match. You will only be allowed to shoot on your assigned firing point at your scheduled times.

RULES: The current edition of the NRA BB Gun Rules will apply. Conduct of the DNBBGCM will be governed by this Official Match Program and the current NRA 5-Meter BB Gun Rules but may be modified by this Official Match Program or by a Match Director's Bulletin. Such bulletins will be published separately from this Match Program and posted on the Official Match Scoreboard. The exam will be worth 100 points and will be equal to any one of the firing stages. Exam scores will be figured in team totals to determine the overall winning team and will be posted on the scoreboard after the final shooting scores have been posted. The test will be 50 questions worth two points each. There will be 40 true or false questions and 10 multiple choice questions. Note: Score sheets will be scored using the Orion scanning system
